***Response to Amendment***

Applicants' Appeal brief filed on January 03, 2007 has been entered .

Therefore claims 13-20, 27-33, 35-40, and 55, 58-66 as recited in the appeal brief are pending.

Claims 1-12, 21-26, 34, and 41-54 , 56-57 were canceled.

***Information Disclosure Statement***

No IDS to date has been filed in the instant Application.

***Allowable Subject Matter***

Claims 13-20, 27-33, 35-40, and 55, 58-66 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims ( 13,27 and 55) including the combination of a device including "a first body and a second body welded together through a mechanical and electrical connection structure " and "an electrically conductive region welded between said first body and said second body," ( a/b page 1)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven H. Rao whose telephone number is (571) 272-1718. The examiner can normally be reached on 8.30-5.30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wael Fahmy can be reached on 571-272-1714. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
